Some babies like to ride a bike
They think that that's just swell
Others like to try unicycles
But that usually doesn't go so well
Some babies like to fly a jet
At ten thousand feet
My baby likes to sit between
The carrots and the beets

Chorus

Some babies like to ride on top
Of a speeding train
Other babies like to jump in puddles
Running in the rain
Some babies like to swing on vines
And go from tree to tree
My baby likes to sit on top
Of a bunch of frozen peas
