Burn it down Burn it down

He stated his opinions, they sounded just like mine  
And now they want to put him behind bars til 2029

The prosecutor said the problem was the speech it showed  
intent

I couldn't figure out exactly what he meant  
You can't describe an action and say you thought that it  
was swell

So what'll happen when we sing this, who the heck can tell

*We don't like the condo and we're gonna burn it down*  
*Corporate terrorists, drive them out of town*  
*We'll bring a lot of gasoline, pour it on the floor*  
*Light a match, say a prayer and run right out the door*  
*Burn it down, burn it down, we're going to burn it down*  
*Burn it down, burn it down, burn it down*

Now if you just sang that chorus then you just broke the  
law

To be an eco-terrorist now you just gotta flap your jaw  
And hey who knows by the time you have a chance to blink  
Whether you're a criminal might depend on what you think

*We don't like the bulldozers and we're gonna burn them  
down*

*Corporate terrorists, drive them out of town*

*We'll bring a lot of gasoline, pour it on the floor*

*Light a match, say a prayer and run right out the door*

*Burn it down, burn it down, we're going to burn it down*

*Burn it down, burn it down, burn it down*

First they came for Rod, maybe next they come for you

And I'll tell you what I think all of us should do

Sing this song with me, raise your fist and caterwaul

If we fight together they can't arrest us all

*We don't like the Wal-Mart and we're gonna burn it down*

*Corporate terrorists, drive them out of town*

*We'll bring a lot of gasoline, pour it on the floor*

*Light a match, say a prayer and run right out the door*

*Burn it down, burn it down, we're going to burn it down*

*Burn it down, burn it down, burn it down*
