

I'm Gonna Fly

David Rovics

Voice

I'm gon-na fly up to the sky I'm gon-na fly up to the

sky I'm gon-na fly up to the sky I'm gon-na fly so high

I'm gonna fly above the moon
And I might not come back soon

I'm gonna fly way out to Mars
Just me, Mars and the stars

I'm gonna head up to Saturn's rings
I'm gonna see all kinds of things

I'm gonna spin thru space to Pluto
So many places I'll go

I'm gonna dance upon the frozen ground
Dance, dance all around

I'll look down at the Earth, it's green and blue
I'm gonna look down right at you

I'm gonna fly back home and go to bed
With a pillow underneath my head
