I'm so tired of grown-ups tell - ing me What I'm sup - posed to do to -

day Do this, do that, do the oth - er thing That's al - most all they e - ver say I'm so

tired of sit - ting in school all day It just seems so wrong I wan - na get out and

live my life So I guess I'll say so long I'm run - ning a - way

I'm run - ning a - way _____

I'm so sick of grownups acting like
They know what's best for me
Ordering the kids all over the place
When they should just let us be
I never wanna hear them say again
This is for your own good
And when they find my bedroom empty
I hope that's understood

I'm running away

I'm going where the grass is always green
Where the kids can run and shout
Where the grownups generally understand
What life is all about
Where we eat and sleep and read and play
Whenever we feel like
And if any grownup misbehaves
We tell 'em to take a hike

I'm running away
