Wolf - o - witz is here

He said hed be true to the mission
That hunger and want should end
And as all Afghans know hes a man of his word
On that we can depend
So be prepared for prosperity
Its coming to your door
'Cause there will be no poverty
Once we kill off all the poor

Chorus

He'll bring the world things it needs
Such as nuclear power
Giant dams and hamburgers
No doubt hes the man of the hour
He's proven it over and over
With finesse and aplomb
And for those who disagree
Well then hes got the bomb

Chorus

He's a real American
So he must know best
He'll lead us all to glory
On that many can attest
He'll lead us to freedom
And we will be so glad
Just like those shoppers in that market
In downtown Baghdad

Chorus
