I walked down the side - walk A few blocks down the way
Where there is a place that I real-ly like to play And those lit - tle dog - gies They
real - ly leave their mark Those pret - ty pup - pies pranc - ing play - ing poop - ing in the park

I like sliding on the slide
And swinging on the swings
Hanging on the monkey bars
And all kinds of other things
But what I like the most
Is when the doggies bark
Those pretty puppies prancing playing
Pooping in the park

I like to see the squirrels
Running from the cats
I like to see the spiders
The beavers and the bats
But I just saw something small and brown
Shaped just like a shark
Those pretty puppies prancing playing
Pooping in the park
